Reserve Component Survivor Benefit Plan (RCSBP) Guidance

The Reserve Component Survivor Benefit Plan (RCSBP) is the only Reserve program that lets you leave a percentage of your future retired pay as a monthly annuity to your beneficiaries. This decision is made when you receive your Notice of Eligibility for Retired Pay at Age 60 (NOE). Certain program elections are irrevocable and should only be made with knowledge of the RCSBP program. Should you desire information on the program, or want to understand completely a previous election you made, go to our Web site <https://www.navy-reserve.org/files/members/RCSBP.pdf> (members only), or call CAPT Tom McAtee at (703) 548-5800 or e-mail <stratcom@navy-reserve.org>.
